III. Specific Initiatives:

1. ENROLLMENT

- a. Veritas Academy has a current (2023-2024) enrollment of 185 students. To reach 300 students by 2028-2029, Veritas will need to grow approximately 8-10% per year.
- b. To meet this goal, Veritas will:
 - i. Add an additional section of first grade in Fall 2024 or earlier, with the intention of adding a new section to each subsequent grade as these students advance.
 - ii. Add dedicated classrooms for music, art, and science instruction.
 - iii. Improve field trips and study tour opportunities for Logic and Rhetoric School students.
 - iv. Continue to target mission-appropriate families in the Savannah area through increased advertising and community engagement.
 - v. Encourage family and community support of need-based tuition assistance. By utilizing current scholarship sources (Apogee, Arete, and Jenkins Fund) and developing new sources, Veritas will increase funding for scholarships by 5% per year.
 - vi. Fill vacancies in classrooms across the PK-12 spectrum by improving student retention and maintaining a retention rate of 90%. This will be supported by making mission appropriate improvements to our admissions process, curriculum, and school culture.

2. FACILITY

- a. Veritas Academy needs additional classroom space to increase enrollment. Through the guidance and involvement of the board, Veritas will secure additional classroom space, common areas, and necessary offices that will be adjacent to or in close proximity to the current campus at IPC.
- b. To meet this goal, Veritas will:
 - i. Add eight additional classrooms over the next five years (by August 2028) to accommodate an increase in enrollment to 300 students.
 - ii. Move art and music into dedicated classroom space to eliminate need for daily weekly rearrangement and relocation of equipment, projects, and supplies. This will be accomplished as soon as reasonably possible.
 - iii. With the additional eight classrooms Veritas will add necessary common areas and office space.

- iv. The board will appoint a committee with the purpose of initiating, guiding, and developing this capital campaign by August 2024. The committee will consult with and/or contract with an outside development group.

3. PERSONNEL

- a. Veritas will increase salaries and compensation to a level equivalent to 80-90% of local market rates for similarly qualified teachers and staff (adjusted for condensed day hours). To achieve this Veritas will increase faculty compensation, as the Lord provides, by COLA plus 3% (minimum) annually through 2027-2028.
- b. Increase faculty and staff development and retention.
- c. Hire Grammar School Principal by August 2024.
- d. Hire additional office support staff.
- e. The school will annually invest 1.5-2.0% of the operating budget in professional development, including spearheading on-site and/or regional ACCS teacher training for teachers and staff.
- f. By 2028 create a benefits package for teachers and staff that includes a retirement savings plan and health insurance coverage.

4. BOARD DEVELOPMENT

- a. The board will grow in its understanding of classical, Christian, and covenantal education and look for ways in which Veritas can better fulfill this mission.
 - i. Read and discuss together at least one book annually.
 - ii. Assign one board member to attend the ACCS RTR conference each summer.
 - iii. Hold a board retreat each year to review the school's mission and discuss long-term plans.
- b. The board will improve its presence and communications with families and staff.
 - i. The board will communicate board actions directly to staff and families by regular email or a newsletter.
 - ii. The board will schedule a "Board Visit Day" annually to observe classrooms and meet with teachers and staff.
 - iii. The board will commit to a formal presence (at least two members officially present) at all school-wide events (Parent Orientation, Grandparents Day, Christmas Program, Awards Assembly, etc.)
